

# Helping Your Patients Navigate MBC

Ensure your Metastatic Breast Cancer patients are informed, prepared, and have the support they need.

## Three Ways to Provide These Valuable Resources to Your Patients

### ORDER AN IN-HOUSE SUPPLY

You can order an in-house supply of bags to give directly to patients, ideally at the time of diagnosis, using the code: MBCPROV

Bags are available in English or Spanish Bicultural (dual language)

### ORDER A BAG FOR YOUR PATIENT

Order a bag to be shipped directly to your patient's home, using the code: MBCPROV

Note : Bag It will share the recipient's information with Living Beyond Breast Cancer so they can reach out with additional information about their resources.

### GIVE PATIENTS INFO FOR ORDERING

Give patients the flyer (print, email, or via patient portal ) to order a Bag themselves using the code: MBCPAT.

It will be shipped to their home.

## Using Bags in Your Practice

- Order bags (6 bags/box) using code: **MBCPROV**
- Before you hand out the bag, preload the binder with patient-specific info and documents
- For tips on how to present the Bag to your patients scan the QR code.
